

FECABU East African Missions

A Ministry of Nathan & Karen Rasmussen

Dear Prayer Partners,

Thank you so very much for praying! I returned yesterday evening from my almost three-week trip around East and Central Africa. God did amazing things!

In Kenya I got medical and dental issues taken care of, as well as, having a great time with Steve, Jan, and kids. The missions seminar in Rwanda went very well and the meeting with the Rwanda leaders also was encouraging. They planted 6 churches since I was there last and are now up to 21 total. The church I spoke in on Sunday morning (in a suburbs of Kigali) was huge. After years of struggle, the work in Rwanda is finally bearing some fruit.

Most of all, I am thrilled to report that God intervened mightily in Burundi. We had a great meeting with all the Burundi graduates of the missions school there. We had good discussions and times of prayer together. Pray for these 11 graduates. The 10 from Tanzania and the 3 from Congo have all gone to the unreached, or they are on their way. For a variety of reasons, none of the Burundians have gone. We are now making every Friday a day of fasting and prayer for these 11. We are believing God for a miracle. As I met with all the national church leaders on Saturday, I sensed a new openness to missions amongst them. Pray that the Lord continues to bring the vision to fruition.

I asked you all to pray especially for the division that had arisen amongst the national leadership. God intervened. He prepared the way even before I got there. My meetings with individual leaders ahead of time, and then all together on Saturday, showed that God has been working in all of their hearts. I can't say that everything is resolved, but God is certainly at work. I return to Tanzania greatly encouraged by what is happening. PTL, there are now 531 FECABU churches in the country of Burundi.

Thank you all for praying! The work here moves forward on the prayers of God's people. Thank you for being one of those faithful prayer warriors.

God bless you!
